announcing a new international journal from IPC Science and Technology Press Limited

PRECISION
ENGINEERING

first issue January 1979

Precision engineering and technology are undergoing an extensive and rapid evolution which will continue for many years to come. Precision engineering has been applied in high-technology industries such as aerospace and the techniques that have been developed are now beginning to be applied more generally.

PRECISION ENGINEERING is international in scope and readership. The International Advisory Board will guarantee the high quality in the content of *PRECISION ENGINEERING*

To find out further details about the new journal, please complete and return the form to the address shown.

To: Mrs Sheila King
